NONE OF US IS AS SMART AS ALL OF US

Message from
The General Manager Sohail Raza:

My Valued Team:

In past one year, we achieved new heights, welcomed many new staff members & also opened our operations in new countries. Our goal, Inshallah, for the Year 2023 is to strengthen our revenue with new projects, new customers and adding various new technology partners. I very much hopeful to see you all positive, pro-active and perform with more passion then ever. This will give TechDirect more confidence to open new positions and new business lines.
With Prayers,

Yours
Sohail

ABOUT US

WHAT WE DO

COMPANY REVIEW

TechDirect offers Unified Security Management Systems based on Genetec Security Center and affiliated Omnicast VMS, Synergis Access Control and AutoVu ANPR. TechDirect also offers Mobotix, VIVOTEK, UNV Cameras, CCTV & LPR Analytics, Parking Entrance Control Systems, and open standard Access Control Solutions.

Genetec Omnicast VMS

Security Center Omnicast is an IP-based VMS that lets you work smarter with your CCTV video. Its flexible architecture, scalability and efficient streaming reduces storage and lightens network load.

Access Control

Security Center Synergis IP access control offers a modern approach. Seamlessly unified with your CCTV and ANPR, Time and Attendance systems, it connects to a large and growing selection of third-party access control devices.

ALPR Camera

Managing Vehicles and traffic is like finding needle in the haystack. Genetec AutoVu offers verity of ANPR based vehicle entrance and analytical solutions. Working with Access Control, you can define a vehicle plate as a credential.

HIGHLIGHTS

PRIVILEGES & HONOURS

This Award recognizes TechDirect Revenue growth, Technical Competency, and Customer Satisfaction, which made us the Genetec Partner of the year 2022.
